**Welcome to NIRPC**  
The Northern Illinois Rifle and Pistol Club (NIRPC) is a not-for-profit club that was formed approximately 60 years ago. The club is managed by a group of Officers and a Board of Directors. The club works with Boy Scouts, 4-H, local units of government, as well as being affiliated with the National Rifle Association and the Civilian Marksmanship Program. NIRPC is proud of its tradition of Community Service and Education. Club Membership is private and the Club maintains a limited membership. New members are added annually as openings become available. All members must belong to the National Rifle Association. Our members enjoy informal plinking and target shooting with a variety of special competition events. The shooting facilities are open to Club members and invited guests on a daily basis.

2. When the Log In form is displayed, click the text that says "Lost your password?".

The image shows the WordPress login interface. At the top center is the WordPress logo, a blue 'W' inside a circle. Below the logo is a white rectangular form containing the login fields. The first field is labeled "Username or Email" and is an empty text input box. The second field is labeled "Password" and is an empty password input box. Below the password field is a checkbox labeled "Remember Me". To the right of the "Remember Me" checkbox is a blue button with the text "Log In". Below the main form area, there is a link that says "Lost your password?". A red arrow points from the bottom right towards this link. At the very bottom left, there is a link that says "← Back to".

Continued... next page.

3. Enter your email address. (Same email address you provided when you registered for the club.)
4. Then click the "Get New Password" button.

The screenshot shows the WordPress password reset interface. At the top center is the WordPress logo. Below it, a white box contains the text: "Please enter your username or email address. You will receive a link to create a new password via email." Underneath this is a text input field labeled "Username or Email". To the right of the input field is a blue button with the text "Get New Password". At the bottom left of the form area, there are two links: "Log in" and "← Back to".

- 
5. Check your email inbox for an email that looks similar to the following.
  6. Open the email and click the provided link.

---

You do not have to use the password automatically created by WordPress.  
Enter a new password that you will remember, but not something easy to guess.

- It is recommended that you DO NOT use the same password as you use for other online accounts like Facebook, Google, Yahoo, etc.
- Create a secure password.
- Password should be at least 8 characters long.
- Password should use a mix of UPPERCASE and lowercase letters, numbers and at least one special character (!@#%\$%^&\*).

Continued... next page.

Enter your new password into the "New password" field and click the "Reset Password" button.

Enter your new password below.

New password

Strong

Hint: The password should be at least twelve characters long. To make it stronger, use upper and lower case letters, numbers, and symbols like ! " ? \$ % ^ & ).

[Reset Password](#)

[Log in](#)

[← Back to](#)

Click the "Log in" link.

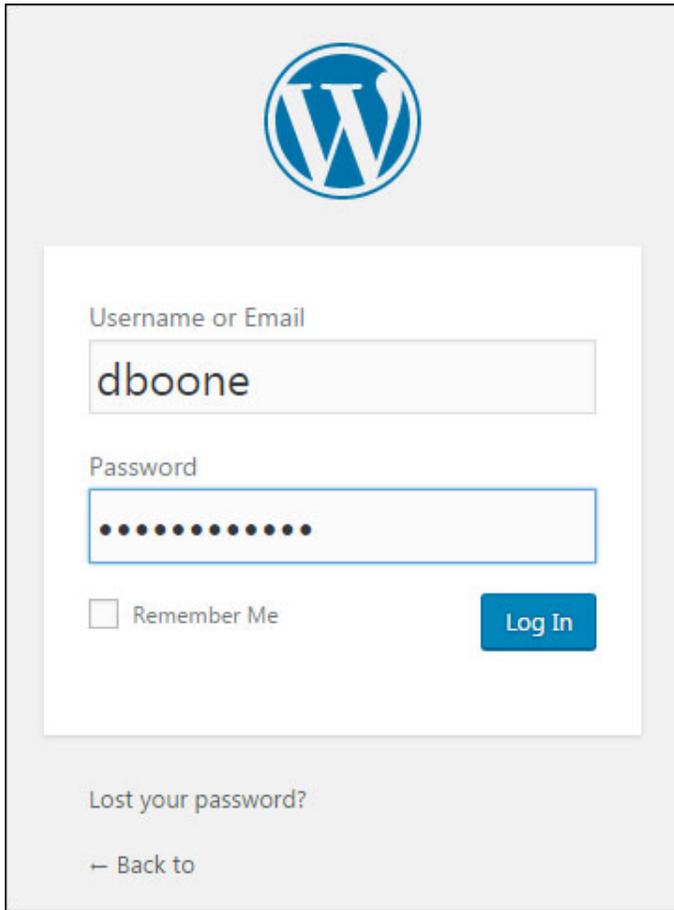

Your password has been reset. [Log in](#)

[← Back to](#)

Enter your username or email address, along with your password and click "Log in".

Your username is first letter of your first name, followed by your last name, without any spaces. (Example: Daniel Boone's username would be dboone).

A screenshot of the WordPress login interface. At the top center is the WordPress logo, a blue 'W' inside a circle. Below it is a white login form with a light gray border. The form has two input fields: 'Username or Email' containing 'dboone' and 'Password' containing ten black dots. Below the password field is a checkbox labeled 'Remember Me' and a blue 'Log In' button. At the bottom of the form area, there is a link 'Lost your password?' and a link '← Back to'.
